Mr Vernon Green
York Hotel
Balto. Md.

Dear Vernon:

Just received your letter. Thanks for getting the rooms for the 5th 6th and 7th. I asked Abe to arrange for room the 12th also. We play in Chester the 12th and Washington the 13th. Will you please check with him for me and see if he did it. He is so forgetfull.

Also do you want me to get you rooms in Newark for the 15th. We play you in Trenton that night, and Newark the next day.

Now about the 15th, I know you have talked to Gottlieb about it. He said you agreed to let one of the teams from New York come into Newark with us, and the other one will go to Bushwicks. It is too bad they had this mixup with the park, but it was just one of those things. There was nothing else to do after you could not get the park in Baltimore. We could not let the team stay idle. It could have happened to any of us. We will play you the first game, and The Yankees the second. We were short two games with The Yankees anyway.

I hope t e twi-light doubleheader works out on the 7th. I am sure it will. Some one told me Jackie Robinson has not been playing for a few days. I wonder what has happened. Did you see in todays paper where Rickey has bought a colored team in St. Luis. I wonder what his next move will be, and what he has in mind.

Will see you in New York on the 20th at the meeting, if not before.

Very Truly Yours
